FROM: Sandy Pruitt, Mining Field Specialist *SP*
RE: Des-Bee-Dove Mine, ACT/015/017, Folder #7, Emery County, Utah

A partial inspection of the above mentioned mine complex was conducted by Sandy Pruitt on June 18, 1985. The berm required for abatement of NOV #N85-2-8-1 was completed as required. Following this inspection the NOV was terminated effective June 10, 1985, based upon notification received that date.

The sediment pond and the Des-Bee-Dove/Wilberg Junction Road were briefly inspected also. No compliance problems were observed.
