Mr. Chris Shingleton, Director
Permitting, Compliance and Services
Mining and Exploration
Utah Power & Light Company
P. O. Box 899
Salt Lake City, Utah 84110

Dear Mr. Shingleton:

RE: Transmittal of Office of Surface Mining Concerns to Utah
Power & Light Company's Response on Condition #1,
Des-Bee-Dove Mine, ACT/015/017, #2, Emery County, Utah

Please find enclosed a copy of correspondence dated December 13, 1985 from the Office of Surface Mining (OSM). The OSM letter relates concerns with the responses Utah Power & Light Company (UP&L) has made on the federal permit Condition #1 to the Des-Bee-Dove permit. Would you please respond to the OSM concerns along with the concerns already noted by the Division in our letter dated November 27, 1985.

The OSM letter indicates a question regarding the location of the Des-Bee-Dove sedimentation pond as it relates to the disturbed area. The Division has forwarded a letter to OSM requesting clarification on this issue. It would be in your best interest to not respond to this question until further clarification is received from OSM.
