Dear Mr. Guymon:

RE: Submittal of Additional Copies of MRP Amendment Plans
Addressing Erosion Control Near the Beehive Mine Substation,
Utah Power & Light Company, Des-Bee-Dove Mines, ACT/015/017, #3
and #4, Emery County, Utah

As of December 9, 1985, the Division has no record of receiving additional copies of the Beehive Mine erosional control MRP amendment. As stated in the Division's August 5, 1985 letter to the company, seven (7) additional copies of the approved amendment plans must be submitted to update the MRPs currently on file with federal and state regulatory agencies.

The Division would appreciate your cooperation in this matter. Please contact me or Dave Hooper should you have any questions, or if your records indicate otherwise.

Sincerely,
