Mr. Larry J. Guymon
Construction Manager
Emery Mining Corporation
P. O. Box 310
Huntington, Utah 84528

Dear Mr. Guymon:

Re: MRP Amendment, American Kinfolk Incorporated & Nielson Construction Sanitary Landfill Facilities, Utah Power & Light Company, Des-Bee-Dove Mines, ACT/015/018, #4, Deer Creek - ACT/015/018, #4, Wilberg/Cottonwood Mines, ACT/015/019, #4, Emery County, Utah

This letter is forwarded in response to your letter received October 21, 1985, which notified the Division of Emery Mining Corporation's plans to dispose of mine generated solid waste materials ("Noncoal Wastes") at the aforementioned disposal sites. Our previous letter dated May 21, 1985 indicated that the proposed disposal sites must be approved by the State Department of Health.

Both sites have now been approved by the Department and accordingly the Division finds the disposal plans to be in accord with UMC 817.89. Mine solid waste materials will be disposed of as follows:

1. Deer Creek Mine - American Kinfolk facility north of Huntington.
2. Wilberg/Cottonwood & Des-Bee-Dove mines - Nielson Construction facility northeast of Orangeville on the Des-Bee-Dove mine access road.

Thank you for forwarding this information to our office. These plans will now be incorporated into the approved Mining and Reclamation Plans on file with the Division for all three of the Utah Power & Light Company mines.

Sincerely,

D. Wayne Hedberg
Permit Supervisor/
Reclamation Hydrologist
