The Division is in receipt of your June 14, 1985 letter which requests a two-week extension of the deadline established for submittal of deficiency response to our letter dated May 29, 1985. The Division acknowledges the complications associated with activities at the Wilberg Mine which have caused a delay in the Company's responding to our previous letter. The Division hereby approves of your request to extend the deadline for response until July 1, 1985.
