Mr. Robert H. Hagen, Director
Albuquerque Field Office
Office of Surface Mining
219 Central Avenue, NW
Albuquerque, New Mexico 87102

Dear Bob:

Re: Report on the Compliance Status of Consolidation Coal Company
and Utah Power & Light Company

Mr. Rade Orell of your office inquired May 30, 1985 on the status of Consolidation Coal Company's and Utah Power & Light Company's activities in Utah. Specifically, Mr. Orell asked if Consolidation Coal Company or Utah Power & Light Company had any outstanding Notices of Violation (NOV's), or Cessation Orders (CO's), outstanding fines, or if the companies had a demonstrated pattern of willful violations in the state of Utah.

The standard which Utah uses in responding to inquiries of this type is whether a permit would be issued under the Utah Coal Regulatory Program.

Consolidation Coal Company owns one mine in the state of Utah, the Emery Deep Mine. Utah Power & Light Company owns three mines in the state of Utah, the Des-Bee-Dove, Deer Creek, and Wilberg Mines.

As of the writing of this letter, there are no NOV's or CO's which are not corrected or in the process of being corrected. Any NOV's or CO's that are outstanding are in the process of administrative or judicial review. Also, there are no finalized civil penalties which are outstanding and overdue in the name of Consolidation Coal Company or Utah Power & Light Company.

Finally, neither Consolidation Coal Company nor Utah Power & Light Company have a demonstrated pattern of willful violations for any operation in the state of Utah.
