**DIVISION OF
OIL, GAS & MINING**

Dear Mr. Hedberg:

Re: Approved MRP Amendment, Erosion Control,
Utah Power & Light Company, Des-Bee-Dove Mines
ACT/015/017, #3, Emery County, Utah

We have reviewed information submitted through January 10, relative to the Beehive substation drainage plan. The submitted documentation consists of a proposal to accommodate drainage from a 1.9 acre area above the Beehive substation.

Based upon our review of the plans submitted, we have concluded implementation of the drainage plan will have no adverse impact upon water quality.

Adequacy of the drainage facilities and conformance to plans will be verified by field inspection.

Sincerely,

David R. Ariotti
District Engineer
