Dear Mr. Jense:

RE: Proposed Assessment for State Violation No. C86-4-1-1,
ACT/015/017, Folder #8, Emery County, Utah

The undersigned has been appointed by the Board of Oil, Gas and Mining as the Assessment Officer for assessing penalties under UMC/SMC 845.11-845.17.

Enclosed is the proposed civil penalty assessment for the above referenced violation. This violation was issued by Division Inspector Dave Lof on February 19, 1986. Rule UMC/SMC 845.2 et seq. has been utilized to formulate the proposed penalty. By these rules, any written information submitted by you or your agent within 15 days of receipt of this notice of violation has been considered in determining the facts surrounding the violation and the amount of penalty.

Within fifteen (15) days after receipt of this proposed assessment, you or your agent may file a written request for an assessment conference to review the proposed penalty. (Address a request for a conference to Ms. Jan Brown at the above address.) If no timely request is made, all pertinent data will be reviewed and the penalty will be reassessed, if necessary, for a finalized assessment. Facts will then be considered which were not available on the date of the proposed assessment due to the length of the abatement period. This assessment does not constitute a request for payment.

Sincerely,
