Dear Mr. Braxton:

Re: OSM Special Condition No. 3, Des-Bee-Dove Permit
ACT/015/017

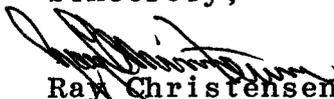

Following a review of the Special Conditions and Stipulations of the Des-Bee-Dove Permit it was found that OSM Special Condition No. 3 has never been addressed.

Utah Power and Light Company hereby commits to leave the access gate to the mine facilities at its current location upon final reclamation.

During the upcoming permit mid term review we will change the Final Reclamation Map number CM-10393-DS, 2 of 5 found in map packet 4-1, to move the proposed gate that is now shown on the road between the tippie and bathhouse and instead will show the gate on map number CM-10393-DS, 3 of 5 found in map packet 4-2 at its present location which is just up hill from the road switch back near the 7425 foot elevation shown on the map.

If you have any questions please call me at 801-687-9821.

Sincerely,

Ray Christensen

Compliance
