RE: Des-Bee-Dove Haul Road Reclamation, Utah Power and Light Company, Des-Bee-Dove Mine, ACT/015/017, Folder #2, Emery County, Utah

Synopsis and Analysis

Deficiencies for the reclamation of the Des-Bee-Dove Haul Road have been addressed in submittals dated January 30, 1990 and February 6, 1990. These submittals addressed a deficiency memo from me dated April 10, 1989.

Drawings CM-10601-DS (4 sheets) were updated with revised mass balance calculations and yardages to be hauled.

The reclamation bond estimate was updated with revised yardages, culvert removal, channel restoration, and riprap costs. The yardages were adequate, but unit costs were not current.

Recommendation

The applicant must update the reclamation cost estimate with current unit costs.
