Dear Mr. Johnson:

Re: Five-Year Permit Renewal, PacifiCorp Electric Operations, Des-Bee-Dove Mine, ACT/015/017, Folder #2, Emery County, Utah

We are currently reviewing the Des-Bee-Dove Mine, PacifiCorp (formerly Utah Power and Light Co.), permit for a five-year permit renewal.

The permit references a letter from the U.S. Fish and Wildlife Service dated November, 1980, which states "To the best of our knowledge, no endangered or threatened plant species or critical habitat or threatened or endangered wildlife species occur in the disturbed areas of the subject mining operations."

If this statement is still current for the disturbed area and permit area, then please sign, date, and return this letter. If this statement is not current, please send the Division a current species list of endangered or threatened plant or animal species which could potentially be in the permit area.

Thank you for your attention to this matter.

Sincerely,

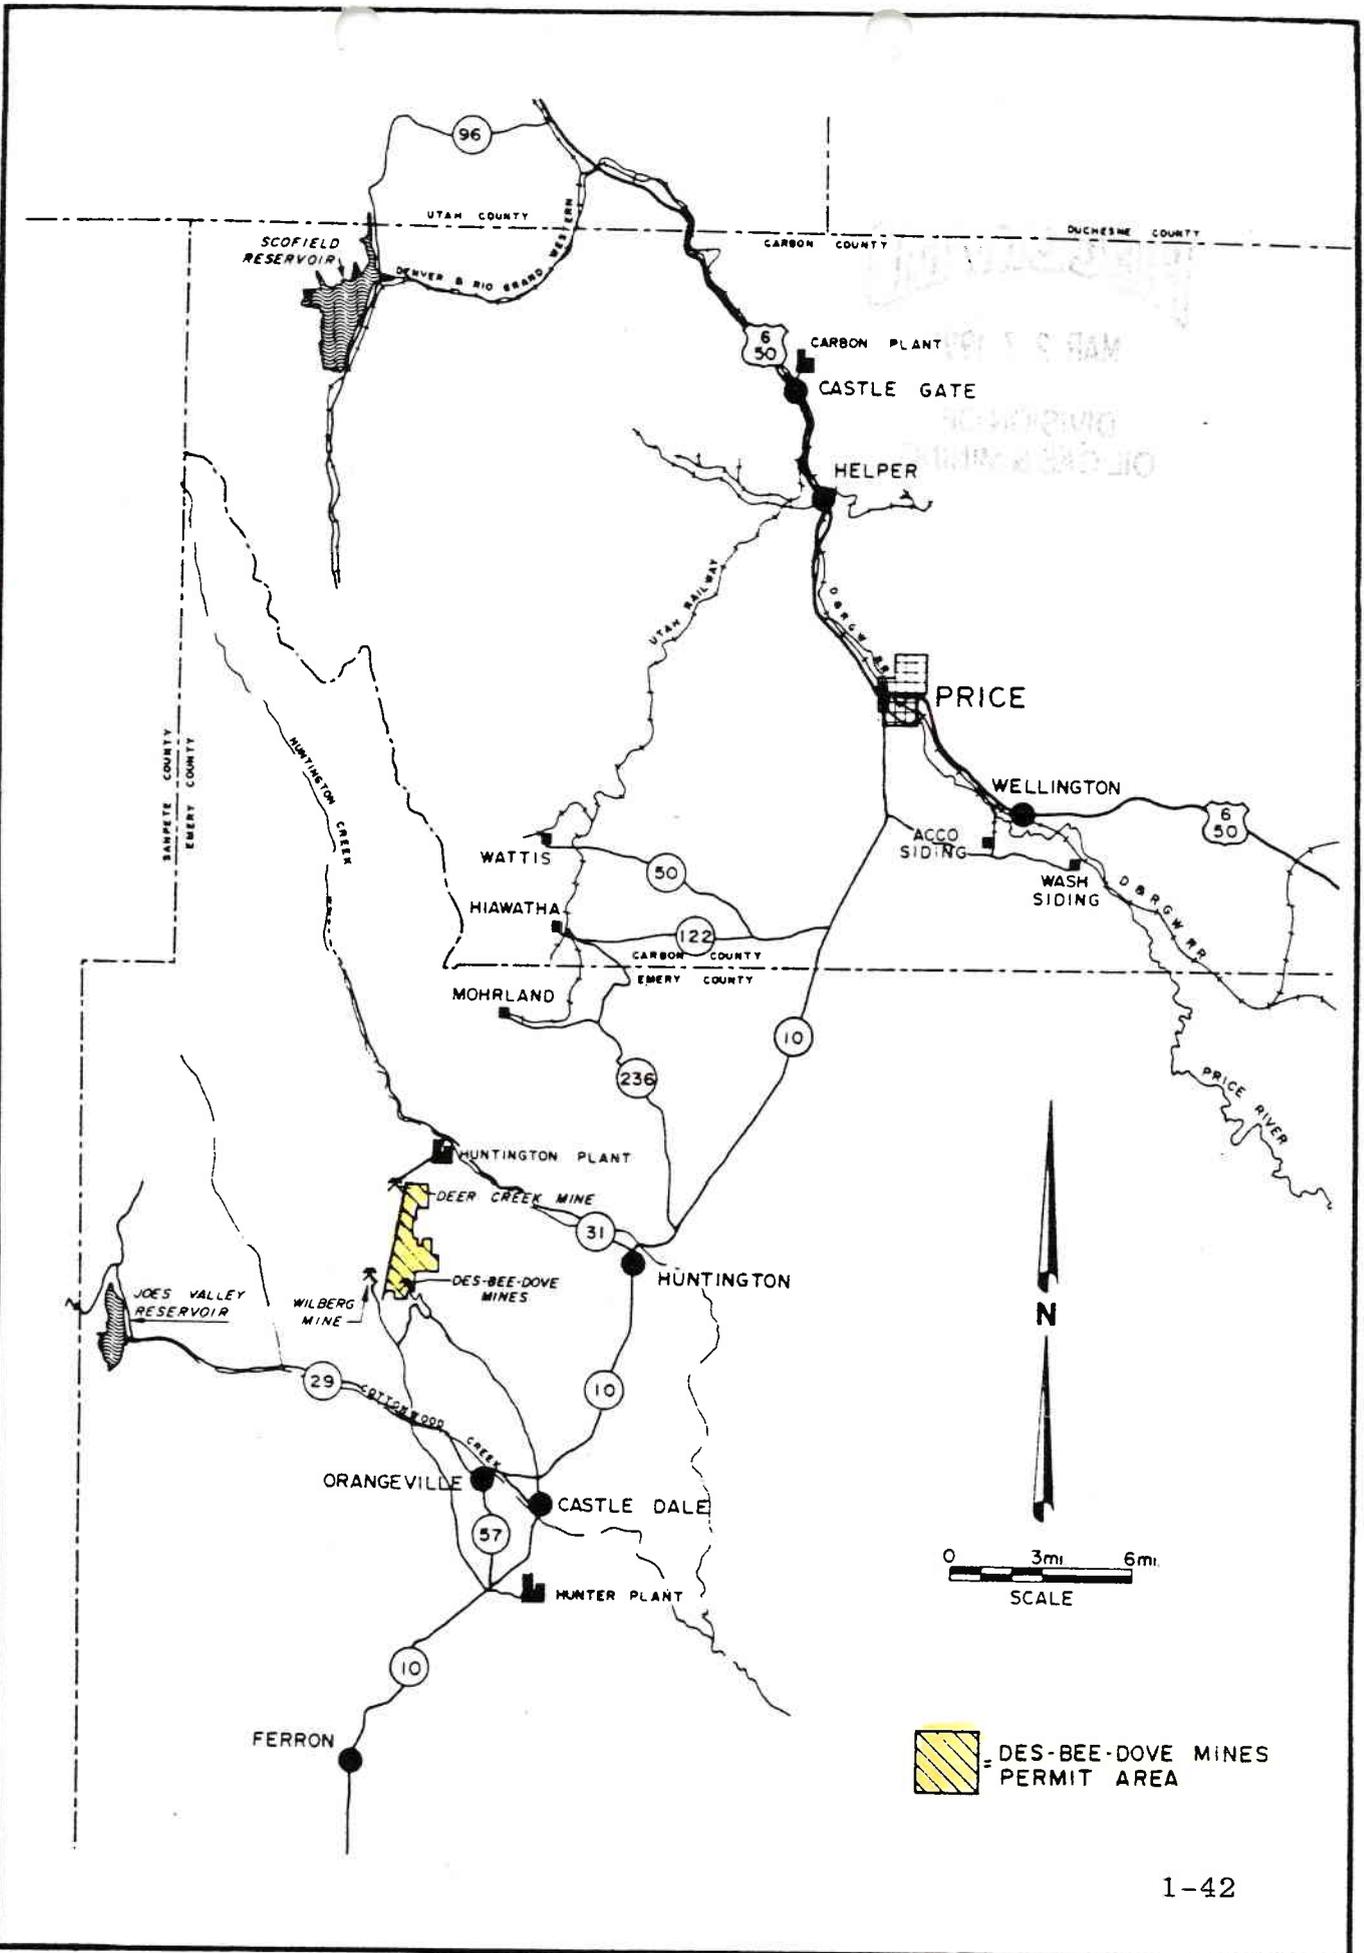

Pamela Grubaugh-Littig
