Salt Lake City, UT 84180-1203

**RE: PERMIT CONDITIONS, FIVE-YEAR RENEWAL, PACIFICORP, DES-BEE-DOVE MINE, ACT/015/017, EMERY COUNTY**

Dear Ms. Grubaugh-Littig:

The following information is submitted in response to your request of March 12, 1992:

**1,2,and 3. CONDITIONS R645-301-728(1), R645-301-731 AND R645-301-731.121(1)**

Submitted to add to Appendix XVI are Des-Bee-Dove Haul Road Reclamation Study Runoff and Sediment Yield Monitoring Program and a Drawing of the proposed Test Plot Sediment Collection System. This information is more appropriate in Appendix XVI rather than XVII as stated in the condition.

In addition, please find the following additions to Appendix XVI: Des-Bee-Dove Haul Road Reclamation Study; Des-Bee-Dove Erosion Task Force Agenda and Attendance List; Consensus Recommendations From 11/12/91 Meeting; Revised Des-Bee-Dove Haul Road Reclamation Study; and Appendix XVI Summary. All are to be added as listed in the Summary.

**4. CONDITION R645-301-742.220(1)**

Replace the page labeled Appendix VII, Addition 1/31/92, submitted 1/30/92, with revised pages Appendix VII, Added 4/24/92.

**5. CONDITION R645-301-742.300(1)**

Drawing CM-10421-DS, Sheet 1 of 2, Packet 3-8 has been revised.

All information submitted February 18, 1992 for placement in Appendix XII is to be replaced with revised information identified as Appendix XII, Added 4/24/92. This information includes calculations for all ditches and culverts not calculated by the original Vaughn Hansen Associates Work.

To designate the Ancillary Roads at the mine site, please replace page 3-44 with revised page 3-44 and add page 3-44.1.

The location, size and number of treatments of the future test plots proposed in the Haul Road Reclamation Study and the Task Force Consensus Recommendations will be determined by the results of the 1992 test plots.

If you have any questions, please call.

Sincerely,

**Val E. Payne**  
**Sr. Environmental Engineer**
