RE: PERMIT CONDITIONS, FIVE-YEAR RENEWAL, PACIFICORP ELECTRIC OPERATIONS, DES BEE DOVE MINE, ACT/015/017, EMERY COUNTY, UTAH

Dear Ms. Grubaugh-Littig:

Enclosed please find information submitted in response to your request of December 12, 1991 regarding the above referenced matter. Accompanying your request was a memo to you from Mr. Thomas Munson of your staff (copy attached). This submittal addresses some of the conditions identified by Mr. Munson.

Response to several of the conditions required discussions with and a site visit by Mr. Munson. The site visit occurred January 21. Subsequently, a complete response to the subject conditions cannot be completed by the January 31 submittal date identified in your request.

I respectfully request that the submittal date be extended to February 15, 1992 for several of the conditions as follows:

1) CONDITION R614-301-728

Information necessary to complete the response to this condition has been requested from the Division. Response will be submitted by 2/15/92.

2&3) CONDITIONS R614-301-731 AND R614-301-731.121

The text portion of the response to these conditions has been completed; however work is continuing on the associated drawings. The complete response will be submitted by 2/15/92.

4) CONDITION R614-301-742.220

The discussion of sediment monitoring, found on page 3-54, has been rewritten to address Item 3 of this condition. Page 3-54, revised 1/31/92, is submitted herewith. (Note: the drawings referred to on revised page 3-54 were part of the August 15, 1991 submittal.)

5) CONDITION R614-301-742.300

A complete response to this condition will be submitted by 2/15/92.

Your letter also refers to a submittal, due January 31, 1992, regarding recommendations of the reclamation task force. This submittal must be prepared in conjunction with Condition 1 discussed above; therefore, the requested information will be submitted by 2/15/92.

Thank you for your consideration in this matter. If you have questions, please call me at 653-2312.

Sincerely,

**Val Payne
Sr. Environmental Engineer**
