**Re: As-Built Drawings, Des-Bee-Dove Haul Road, PacifiCorp, Des-Bee-Dove Mine, ACT/015/017-96E, Folder #2, Emery County, Utah.**

PacifiCorp, by and through its wholly-owned subsidiary, Energy West Mining Company ("Energy West") as mine operator, hereby submit the As-Built drawings of the Des-Bee-Dove Haul Road within the PacifiCorp permitted R/W and Texaco overlapping R/W. The 15" culvert amendment that was approved last January 15, 1997, is now complete, as of May 13, 1997. The As-Built drawings will reflect all amendment changes for access roads and culvert installations as well as Texaco pipeline, risers and valve locations. These drawings CM-10584-DS, Plate 5-1, sheet 6 and 7 should reflect all additions by Texaco to the permitted area and complete all requirements necessary for the As-Built.

Please find seven copies of the above mentioned drawings for your review and placement in the permit.

Thank you for your help and assistance in completing this portion of permitting compliance.

Sincerely,

Charles A. Semborski  
Geology/Environmental Supervisor
