Re: Postmining Land Use for the Des Bee Dove Haul Road, PacifiCorp, Des Bee Dove Mine, ACT/015/017-DO, Folder #2, Emery County, Utah

Dear Mr. Semborski:

The Division is in receipt of your December 2, 1997, letter discussing the efforts of Energy West to resolve the Division Order associated with the Des Bee Dove haul road. The letter indicates that it is an amendment application, but it is considered a "Draft" proposal which doesn't really amend the Mining and Reclamation Plan (MRP). In concept the Division has agreed with this approach, however, since the MRP has not been changed the Division Order is still outstanding. We have reviewed your proposal and a copy of the review is attached for your benefit in completing the Division Order.

We understand that PacifiCorp is making progress toward resolving the haul road issue, however, the order must immediately be complied with or an extension of the requirements must be obtained. Please respond as quickly as possible.

If you have any questions, don't hesitate to call me or Paul Baker.

Sincerely,

A handwritten signature in black ink that reads "Daron R. Haddock".

Daron R. Haddock  
Permit Supervisor
