Re: 15" CMP Culvert Installation, PacifiCorp, Des-Bee-Dove Mine, ACT/015/017-96E,  
Folders #2 and 3, Emery County, Utah

Dear Mr. Semborski:

The Division has reviewed your proposal to add a 15" culvert on the side of the Des-Bee-Dove haul road to facilitate the Texaco gas well drilling operations in the area. The plan is considered complete and accurate and is hereby approved. We assume that construction will take place very soon. If this is the case, please submit seven copies of the as-built drawings when construction is completed as discussed in your cover letter. We do not need additional copies of the designs you submitted January 7, 1997, but we will wait to send those out until we receive the as-builts.

Thank you for your cooperation. Please call if you have any questions.

Sincerely,  
  
Paul B. Baker  
Reclamation Biologist
