Subject: Removal of Coal Waste Pile #10, Des-Bee-Dove Mine

Dear Chuck:

The Manti-La Sal National Forest authorizes removal of coal waste pile #10 during your other reclamation activities at the Des-Bee-Dove Mine. This coal is located outside the mine permit area and was mined before 1977, so it is not regulated under the Surface Mining Control and Reclamation Act of 1977.

We appreciate your willingness to make the extra effort in removing this waste material, which is beyond the reclamation requirements of your Mining and Reclamation Plan.

Sincerely,

  
ELAINE ZEROTH  
Forest Supervisor
