RE: **Response to the Soil Sampling TA, PacifiCorp, Des Bee Dove Mine**
AM01B

PacifiCorp, by and through its wholly-owned subsidiary, Energy West Mining Company ("Energy West") as mine operator, hereby submits a request to withdraw the amendment AM01B due to extenuating circumstances raised by the July 9, 2001 NOV and the fact that the Des Bee Dove reclamation plan is in the process of being revised. Phase 1 of the plan is being developed in-house, whereas, Phase 2 is being developed by an independent contractor (HAL Consulting Engineers). Phase 2 will address the issues concerning soil sampling at the Des Bee Dove mine site. Energy West will discontinue pursuing making any changes to the current mining and reclamation plan.

If you have any questions or concerns regarding this request, please contact myself at (435) 687-4720 or Dennis Oakley at (435) 687-4825.

Sincerely,

Charles A. Semborski
Permitting/Geology Supervisor
