RE: Change Orders, Energy West Mining, Des Bee Dove Mine, C/015017

SUMMARY:

This memo should serve to correct the record of the number of change orders on record for the Des Bee Dove site.

The final version of the first change order was received by email dated 02/07/2003.

The second change order was an email request dated 02/06/2003.

The third change order was an email request dated 03272003. In this email, Mr. Semborski referred to the third change order as the second. My tech memo dated 03282003 also refers to change order #2 in reviewing the additional soil material from the bathhouse outslope. The use of the bathhouse outslope material should be referred to as the 3rd Change Order.
