

The State of Utah
 Department of
 Natural Resources
 Division of
 Oil, Gas & Mining

ROBERT L. MORGAN
Executive Director

LOWELL P. BRAXTON
Division Director

OLENE S. WALKER
Governor

GAYLE F. McKEACHNIE
Lieutenant Governor

Representatives Present During the Inspection:	
OGM	Jim Smith Environmental Scientist III
Company	Dennis Oakley Environmental Engineer

Inspection Report

Permit Number:	C0150017
Inspection Type:	COMPLETE
Inspection Date:	Tuesday, March 30, 2004
Start Date/Time:	03/30/2004 8:22:00 AM
End Date/Time:	03/30/2004 1:00:00 PM
Last Inspection:	Thursday, February 26, 2004

Inspector: Jim Smith, Environmental Scientist III

Weather: Warm, clear, light breeze

InspectionID Report Number: 222

Accepted by: dhaddock
 04/05/2004

Permittee: **PACIFICORP**
 Operator: **ENERGY WEST MINING CO**
 Site: **DES BEE DOVE MINE**
 Address: **PO BOX 310, HUNTINGTON UT 84528**
 County: **EMERY**
 Permit Type: **PERMANENT COAL PROGRAM**
 Permit Status: **RECLAIMED**

Current Acreages

154.86	Total Permitted
23.88	Total Disturbed
	Phase I
	Phase II
	Phase III

Mineral Ownership

- Federal
- State
- County
- Fee
- Other

Types of Operations

- Underground
- Surface
- Loadout
- Processing
- Reprocessing

Report summary and status for pending enforcement actions, permit conditions, Division Orders, and amendments:

Almost all the snow has melted in the last month, but there has been little runoff and no signs of additional, new erosion. New plant growth is sparse.

Inspector's Signature: _____ Date Wednesday, March 31, 2004

Jim Smith, Environmental Scientist III

Inspector ID Number: 43

Note: This inspection report does not constitute an affidavit of compliance with the regulatory program of the Division of Oil, Gas and Mining

REVIEW OF PERMIT, PERFORMANCE STANDARDS PERMIT CONDITION REQUIREMENT

1. *Substantiate the elements on this inspection by checking the appropriate performance standard.*
 - a. *For COMPLETE inspections provide narrative justification for any elements not fully inspected unless element is not appropriate to the site, in which case check Not Applicable.*
 - b. *For PARTIAL inspections check only the elements evaluated.*
2. *Document any noncompliance situation by reference the NOV issued at the appropriate performance standard listed below.*
3. *Reference any narratives written in conjunction with this inspection at the appropriate performance standard listed below.*
4. *Provide a brief status report for all pending enforcement actions, permit conditions, Divison Orders, and amendments.*

1. Permits, Change, Transfer, Renewal, Sale

Renewed 30 August 2000, expires 30 August 2005. Two special conditions on the permit - non-burial of asphalt on USFS lands and submission of water-monitoring data in electronic format - have been met.

2. Signs and Markers

The sign at the entry to the sedimentation pond road needs maintenance: bullet holes have made the phone number and PO Box number illegible. A disturbed area boundary marker at the top of the Phase 1 reclaimed area has fallen: it will be reinstalled when crews are on site to plant seedlings next week.

4.b Hydrologic Balance: Sediment Ponds and Impoundments

The first quarter inspection report was not completed and available for this inspection, so the December 19, 2003 inspection report was used. The sedimentation pond has 0.58 acre-feet of excess sediment, which will be removed as soon as the pond floor is dry enough for access with heavy equipment.

4.d Hydrologic Balance: Water Monitoring

No flow, no discharge during the first quarter 2004.

8. Noncoal Waste

The cattle trail is being used recreationally for horseback riding and hiking, and there is some litter from these activities. Non-coal waste from 100 years of mine operations in the canyon remains scattered throughout the area and buried in the regraded soils, but waste that becomes exposed at the surface is removed periodically.

13. Revegetation

The snow cover melted or evaporated rapidly. New vegetation is sparse.

21. Bonding and Insurance

Insurance is with Associated Electric and Gas Insurance Services Ltd of Hamilton Bermuda: the policy number is UO614A1A03, through Aegis Insurance Services, and Utah DNR/OGM is the certificate holder: the State will be notified of policy changes or cancellation. The period of coverage is 4/1/03 to 4/1/04, so the policy needs to be renewed or replaced by the beginning of next month (April). Coverage is \$2,000,000 for general liability (each occurrence and aggregate) and \$20,000,000 for excess liability (each occurrence and aggregate). Explosions are covered. The bond is with Traveler Casualty and Surety. It is for \$1,837,712, the amount shown on the permit and reclamation agreement. The non-cancelable bond was effective November 18, 2002. The Permittee needs a copy of the surety agreement with the signature of the Division's representative.
