Subject: Update Volume 1 & Relocate Confidential Info, PacifiCorp, Des-Bee-Dove Mine, C/015/0017, Task ID #2235, Outgoing File

Dear Mr. Semborski:

In response to a request from the Division, the Permittee submitted an amendment to move certain information on archaeology and raptors from the publicly accessible sections of the MRP to the Confidential and Private folder.

This amendment also removes all remaining Legal and Financial information from Volume 1, Part 1, with Appendix F being moved to Appendix XIII in Volume 5 and the rest supplanted by the information in the Legal and Financial Volume. Volume 7 has been eliminated from the MRP. With one exception, reference pages have been added where necessary so that changes can be followed through the MRP.

In order for us to continue to process your application, please respond to the enclosed deficiencies by September 12, 2005.

If you have any questions, please call me at (801) 538-5268 or Jim Smith at (801) 538-5262

Sincerely,

Pamela Grubaugh-Littig
Permit Supervisor

DEFICIENCY LIST

- R645-301-121.200**, Archaeological information has been moved from Volume 1: Part 2 to the Confidential and Private Volume (which leaves a large gap in the page numbering) but a Reference Sheet was not provided to indicate this relocation. The Permittee needs to add a Reference Sheet in Volume 1: Part 2 to indicate the new location of the Archaeological Information (Paper 22) in the Confidential and Private binder. Include on the Reference sheet the page numbers for the pages that were relocated and the date they were moved.
- R645-301-121.200**, The proposed amendment indicates page 2-133 is to be moved to the Confidential and Private binder. Page 2-133 is a copy of a letter referring to the “Cultural Resource Survey of the Deseret Haul Road in Emery County, Utah”, on pages 2-134 through 2-144, that is not being moved to the Confidential and Private binder. The Permittee needs to clarify whether page 2-133 is to remain with the Haul Road Survey in Volume 1 or the Haul Road Survey is to be moved to the Confidential and Private binder with page 2-133.
- R645-300-124.300**, ●The reclamation plan for the Maple Gulch portals (Volume 2: Part 4, Appendix IX) has a raptor nest map in Attachment 1 that must be moved to the Confidential and Private binder. ●The reclamation plan for the pump house area (Volume 5, Appendix IV) contains a raptor nest map in Section R645-301-300, Appendix A that must be moved to the Confidential and Private binder. ●There is also a description of nest locations on page 6 of Appendix A that must either be rewritten to be less specific or moved to the Confidential and Private binder. ●Reference pages must be provided for information relocated to the Confidential and Private binder.
