Subject: DesbeDove Phase 3 bond release to accomdate XT0 Utah Federal 17-7-25-14

Pursuant to Wayne's request that the FS recommend 2.52 acres for phase 3 bond release bond release.

I recommend that DOGM release at least 2.52 acres plus a 100 foot "good neighbor" buffer to accomdate the above mentioned APD and SUPO and to eliminate potential for future conflict between the XTO, PacifiCorp, and the DOGM.

I have asked Kyla Vaughn to provide a copy of the detailed engineering plans to you. She has been in contact with Pricilla Burton.

Tom
