Subject: Energy West Mining 3rd Quarter 2006 Water Data

Pam,

The 3rd Quarter 2006 Water Data has been checked and is ready to upload to the Division's system. Please notify me when the upload takes place and send a report so I can verify that all data was successfully uploaded.

The water data entry and reporting responsibility has been moved from Dennis Oakley to me.
If you have any questions, please give me a call.

Thanks,

Guy Davis
