Jim,
They have not "bugged" me for the DMR reports. In fact, I ask Jeff Studenka specifically if we were still required to submit a DMR report. His answer was no!

Dennis,

Thanks for sending this info. We had the 8/2/2005 DEQ letter in our files, but not the 4/28/05 EW request.

The good news is that Henry Austin has rethought where he was going in the federal review of the DBD Phase I bond release and has decided there really are no issues.

My question for you now is, are you sure the DEQ letter releases EW from UPDES monitoring? Their waiver in the 8/2/2005 letter seems pretty specific to the Storm Water Requirements in Sections E/F. But, if they haven't been bugging you for DMR reports, it may not be an issue.

Jim,

As I promised, attached are the documents that allowed Energy West to suspend monitoring the sediment pond at the Des Bee Dove Mine
