Dear Joe:

I have enclosed a copy of 30CFR77.216-3 referred to in the State Permanent Program 817.46(t). I hope you can help shed some light on our responsibilities pertaining to these two specific regulations.

Section 30CFR77.216-3(e) requires that a program be submitted to carry out requirements of paragraphs (a) and (b). Since our ponds do not meet the requirements of 77-216(a) and furthermore do not present any danger to our employees, is submission of this program necessary, and if it is, to whom do we submit the program for approval.

Your continued cooperation and enlightenment is greatly appreciated.

Sincerely,

Larry J. Guymon, P. E.
Project Engineer
