✓ Act/015/018-A  
Act/015/018-B

TO: Ronald W. Daniels, Deputy Director  
FROM: Carolyn L. Driscoll, Reclamation Legal Specialist *CLD*  
SUBJECT: Letter of July 27, 1981, Expressing Concerns of Clay Crawford in Reference to the Wilberg and Deer Creek Mines  
DATE: August 25, 1981

I think some sort of general response to the aforementioned letter is necessary. Maybe you could just inform them that you have received their correspondence. Presently, while not being able to specifically answer their grievances, they have been duly noted. Review of the mine plans will definitely encompass a detailed consideration of their grievances and results of the review will be communicated to them.

In short, just a general letter to temporarily appease them and tell them that we've received their correspondence and will make a response at a later date.
