RE: Mine Plan Review  
Utah Power & Light Co.  
Deer Creek Mine  
ACT/015/018A  
Emery County, Utah

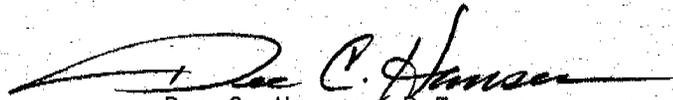

Dear Mr. Smith:

This office has completed its review of the above mentioned MRP Modification. The data contained in the volume does not involve any dam safety issues. Please refer to my letter of June 23, 1981 for prior approval. The "as-constructed" plan for the sedimentation pond has never been received.

A review of our records indicate that Utah Power & Light Company has not made the proper filings for the use of the mine water.

I would request that a copy of all hydrological data generated be furnished this office. This should include both surface and subsurface measurements and evaluations.

Sincerely,

  
Dee C. Hansen, P.E.  
State Engineer
