RE: Sediment Control
Deer Creek Mine
ACT/015/018-A
Folder No. 3
Emery County, Utah

Dear Chris:

I would like to thank yourself and Larry Guymon for your cooperation on our field trip of the Deer Creek Mine conveyor belt. I felt that trip provided a constructive solution to the problem of sediment control on the conveyor belt line.

The Division will hopefully receive your revised plan with the new input from our meeting and field trip and we can approve your revised plan.

Thanks again, and if we can provide any further assistance, please contact us.

Sincerely,

Thomas Munson
