RE: Interim Bonds
Des-Bee-Dove Mines-ACT/015/017
Deer Creek-ACT/015/018A ✓
Wilberg-ACT/015/018B
Emery County, Utah
Bond Amount - \$235,000.00

Dear Mr. Heward:

The Division has reviewed the bond status for Utah Power & Light Company's Des-Bee-Dove, Deer Creek and Wilberg mines under the interim mining permit and found that there has been no reclamation bond posted with the Division (as required by 40-10-15 and UMC 800.11). An adequate amount must be posted with the Division within sixty (60) days to cover interim reclamation costs until such time as the Division can finalize the review of your permanent permit application and a final bond estimate can be posted. This amount can be estimated by determining the number of acres of surface disturbance and multiplying this acreage by \$5,000 (a low estimate per acre).

The amount to be posted should be:

$$47 \text{ Acres} \times \$5,000/\text{acre} = \$235,000.00$$

A bond form has been enclosed for your use. If you have any questions, please contact Pamela Grubaugh-Littig or myself.

Thank you for your cooperation.

Sincerely,

JAMES W. SMITH, JR.
