Re: Deer Creek Mine - Blind Canyon Seam
Lease Areas SL-070645, U-02292

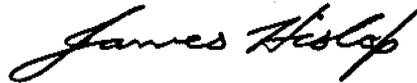

Dear Mr. Rowley:

Thank you for your letter dated May 15, 1984. The mining plan approved by U.S.G.S. Mining Operations on January 20, 1978 shows three longwall panels operating in a north-south direction in the above lease areas.

Please be advised that we will be reducing this to two longwall panels operating in a north-south direction, as the attached 5-year mining plan for Deer Creek Mine updated on April 1, 1984, shows.

We, therefore, ask your approval of this slight change and look forward to hearing from you at your early convenience on this matter.

Yours sincerely,

James Hislop
Chief Mining Engineer
Mining and Exploration
