Dear Mr. Wyatt:

As discussed by phone on May 9, 1984 this letter is a formal request for extension of abatement deadline of this N.O.V..

This request is needed to complete all the ditch grading, contouring, and rip rap placement along with the silt fence. It is hoped that this additional work will enhance the performance of the sediment control along the access road.

We request the abatement of Part B be extended to May 29, 1984.

Your cooperation in this matter is appreciated.

Sincerely,

Larry J. Guymon
Construction Manager
