Dear Mr. Olsen:

The Division has reviewed the information presented at the informal conference on the Deer Creek Mine permit, which was held on May 31, 1984 in Salt Lake City. It is the Division's determination that the informal conference will not be continued to include the on-site visit. The informal conference is deemed to have been concluded with the information presented in Salt Lake City.

As we discussed at that meeting, the Division will schedule a site visitation to the Crawford property. Due to travel problems, the site visitation will be scheduled for July 10, 1984, rather than July 9, as previously discussed. Mary Boucek will make specific arrangements with you prior to that date.

If you have any questions or need additional information, please contact me.

Best regards,

Dianne R. Nielson
Director
