Dear Mr. Guymon:

Due to an oversight in the Division approval letter sent to your office on April 9, 1984, we must request an additional three (3) copies of the Deer Creek and Wilberg Flume Installation plans submitted to this office on March 29, 1984.

These copies are necessary to update all Division files and to forward appropriate notice to the OSM of this minor revision to the hydrologic monitoring plans for these mines.

Thank you for your cooperation in this matter.

Sincerely,

  
D. Wayne Hedberg  
Permit Supervisor/  
Reclamation Hydrologist
