Dear Mr. Shingleton:

This letter confirms the agreement reached during our meeting of January 4, 1985, that the deadline for your required response to the remaining deficiencies on the Deer Creek Mine has been extended to January 21, 1985. The primary attention of both your staff and ours will be focused on the Des-Bee-Dove/Wilberg Junction Road permitting issue this week, delaying the necessary level of attention to the Deer Creek issues by one week.

We look forward to your complete and final response to each of the Deer Creek deficiencies, as we discussed in our meeting, so that we can proceed with the decision during the week of January 21, 1985.

If you have any questions or any problems arise, please contact Louis Hamm or Walter Swain at (303) 844-3806.

Sincerely,

Allen D. Klein
