Dear Mr. Holbrook:

We have reviewed Utah Power and Light Company's approved NOV Abatement Plans/MRP Amendment, Modification of Diesel Repair Shop, N86-04-03-03, No. 3 of 3 for the Deer Creek Mine.

A portion of the proposed diesel repair shop lies off-lease in the Forest Service Special-Use Permit Area. UP&L must submit a Special-Use permit modification application to the Forest so that the proposal can be evaluated and the existing special use permit modified accordingly.

Please notify UP&L that they must submit the permit application to the Forest Service and make sure that in the future such applications are properly processed.

Sincerely,

/s/ William H. Boley
