Re: N.O.V. 86-4-3-3, #3 of 3 Deer Creek Mine ACT/015/018
Fan Access Road

Dear Mr. Hedberg:

UP&L Co. has received your letter dated June 3, 1986 and understands additional information is requested to satisfy enforcement's interpretation that the subject road is a Class II road.

The company disagrees and requested and held an informal conference dated May 30, 1986 to resolve our differences.

Until a determination by the reviewing officer is made, we feel submission of data at this time is unjustifiable.

Yours truly,
