ACT/015/018  
#3

Dear Mr. Holbrook

We have reviewed the MRP amendment for the Deer Creek Mine surface storage water tank. The storage area is located on private land, and is not within the management jurisdiction of the Forest Service. No adverse impacts to adjacent Federal lands are anticipated by implacement of the water tank. The Forest has also received and reviewed a MRP amendment for the Wilberg Mine surface storage water tank. This project location is on Federal lands within our jurisdiction, and an Environmental Assessment will be required. We expect to have it completed late January or early February.

If we can be of further assistance, please contact us.

Sincerely,

/s/ William H. Boley
