Dear Mr. Shingleton:

Re: Approval of Abatement Plans MRP Amendment, Notice of Violation N86-4-3-3, #3 of 3, Fan Access Road, Deer Creek Mine, ACT/015/018, Folder 4 and 7, Emery County, Utah

The Division has completed the review of Utah Power and Light Company's July 9, 1986 response to the violation notice referenced above. The fan access road meets all the drainage requirements of a Class III Road as defined under UMC 817.173. The plans are approved by the Division and a termination notice is attached to this letter for your files. This change will now be incorporated into the approved mine plan. It will affect a change in the fan access road from a Class II to a Class III road status.

Thank you for your cooperation in finalizing this permitting action. Please call should you have questions regarding this review.

Sincerely,
