Mr. Ray Christensen
Permitting & Compliance
Utah Power & Light Company
Mining Division
P.O. Box 310
Huntington, Utah 84528

Dear Mr. Christensen:

Re: Conditional Approval of PAP Amendment, Addition of a New Vehicle
Parking Garage, Utah Power & Light Company, Deer Creek Mine,
ACT/015/018-87C, Folder #2, Emery County, Utah

The Division has completed its review of the above referenced application for permit change which was received September 14, 1987. The proposal is adequate to allow it to be included into the approved Deer Creek permit application package (PAP). The reclamation cost estimate is sufficient and the new structure has been tentatively added to the existing surface facilities map by the operator. This amendment is thereby approved with the following condition:

- (1) Utah Power & Light Company must provide fourteen (14) copies of updated as-built drawings and revised text within 30 days of completion of the garage construction.

Thank you for your cooperation in completing this permitting action. Please call should you have questions or concerns with this review.

Sincerely,

D. Wayne Hedberg
Data Management Coordinator
