FILE COPY

Dear Mr. Braxton:

Re: Deer Creek Warehouse Extension and Additional Rock Dust Silo

Enclosed are fourteen copies of drawing number DS 972 B showing site plan locations of the warehouse extension and an additional rock dust silo. Also enclosed is a listing of estimated reclamation costs for the two projects.

We have started some preliminary work on the warehouse extension and will continue the work as weather permits. The installation of the rock dust silo is planned within the next few weeks.

We plan to reference these changes in the Deer Creek MRP, at appropriate locations, during the up-coming mid-term review.

Please call me at 687-9821 if you have any questions.

Sincerely,

Ray Christensen
Manager
