Dear Mr. Rutledge:

Re: Notification of Permit Approval, Utah Power and Light Company,
- Deer Creek Mine, Waste Rock Disposal Site, ACT/015/018, Folder
No. 3, Emery County, Utah

The Utah Division of Oil, Gas and Mining (Division) is granting approval and has issued a mining permit to Utah Power and Light Company (UP&L) for their Waste Rock Disposal Site. The Division has determined that the permit application is technically complete and demonstrates compliance with all the "Regulations Pertaining to Surface Effects of Underground Coal Mining Activities, Final Rules of the Utah Board and Division of Oil, Gas and Mining," promulgated under the Utah Coal Mining Reclamation Act (Utah Code Annotated 1953, Section 40-10-1 et seq).

Notice is hereby given to all appropriate agencies and individuals having jurisdiction over, or an interest in, the area of the proposed operations, pursuant to UMC 786.23(d)(e)(f), that a permit has been issued to the permittee.

This permit authorizes the permittee, Utah Power and Light company, to conduct surface operations connected with underground mining activities on the described lands within the permit area at the Waste Rock Disposal Site situated in Emery County, Utah, subject to the terms of the approved Mining and Reclamation Plan, this permit, and all applicable laws and regulations. The lands included in this permit are described as follows:
