Dear Mr. ^{David} Smaldone:

RE: Determination of Completeness, Waste Rock Disposal Site, Deer
Creek Mine, ACT/015/018, Folder No. 2, Emery County, Utah

The Division has reviewed the information received June 10, 1988, in response to the Division's Determination of Completeness Review of May 31, 1988, for the proposed Waste Rock Disposal Site. This information has been found to be adequate to determine the Mining and Reclamation Plan (MRP) apparently complete.

At this time UP&L should publish a Notice of Complete Permit Application as required by UMC 786.11(a). A copy of the publication notice should be sent to the Division as soon as it is available. The Division will notify all other interested agencies and allow for their comment prior to making a final decision to approve or disapprove the application.

Please feel free to contact me or John Whitehead if you have questions.

Sincerely,

L.P. Braxton
Administrator

and Reclamation Program
