Dear Mr. Smaldone:

Re: Second Review of Proposed Amendment to Construct Two Sediment Traps and Small Compressor Building, Utah Power and Light Company, Deer Creek Mine, ACT/015/018-89G, Folder #2, Emery County, Utah

Technical review of the latest submittal, dated October 20, 1989, for the above-identified amendment indicates that neither Map 3-9 (Drawing No. DS202E) or earlier submitted Drawing No. DS1159C have been certified by a registered professional engineer.

Please provide, by no later than November 6, 1989, seven certified copies of Map 3-9 and Drawing No. DS1159C. In addition, please identify on Drawing No. DS1159C an appropriate map number for insertion into the approved Permit Application Package.

Sincerely,

A handwritten signature in cursive script that reads "Richard V. Smith".
