Dear Mr. Smaldone:

Re: **Amendment to Address Deficiencies in County Road Submittal (NOV N89-20-1-1), Utah Power and Light Company, Deer Creek Mine, ACT/015/018-89H, Folder #2, Emery County, Utah**

Enclosed is a Technical Memorandum that identifies deficiencies in the submittal for upgrading the Deer Creek Mine access (county) road. Please be aware that the changes in the road must be described in the Permit Application Package (PAP), and, therefore, constitute an amendment to the approved PAP.

Please provide seven copies of materials suitable for insertion into the approved PAP that address the identified deficiencies. Materials should be submitted by no later than November 1, 1989 to achieve the abatement deadline given in NOV N89-20-1-1.

Sincerely,

Richard V. Smith
