RE: Responses to Initial Completeness Review, Rilda Canyon Lease Tract,
Pacifcorp Electric Operations (Utah Power & Light Company), ACT/015/018,
Folder #2, Emery County, Utah

In Reply Please Refer to Case No. I794

Dear Ms. Grubaugh-Littig:

The Utah State Historic Preservation Office received the above referenced mine report on October 22, 1990. The report states that three archaeological sites were recorded within the project impact area; (42EM 2222, 2223, 2224). We concur with your recommendation that 42EM 2223 is eligible for the National Register of Historic Places. We also understand that the site would not be effected by the mine construction. We, therefore, also concur with your recommendation that there will be No Effect as a result of this project.

This information is provided on request to assist the Division of Oil, Gas and Mining with its Section 106 responsibilities as specified in 36 CFR 800. If you have questions or need additional assistance, please contact me at (801) 533-7039.

Sincerely,

James L. Dykman
Regulation Assistance Coordinator
