Re: **U.P.D.E.S. PERMIT NO. UT-0023604, DEER CREEK MINE
DEER CREEK AND NORTH FORK MEETINGHOUSE CANYONS**

Dear Mr. Hatch:

Transmitted herewith is a copy of Utah Power & Light Company's applications submitted to the State of Utah Bureau of Water Pollution Control. The applications include two (2) additional discharge points for the Deer Creek Mine in Deer Creek and North Fork Meetinghouse Canyons and removal of stream segments from the statewide antidegradation policy.

Until we've identified the proper channels of response, I would assume that you would direct your comments to the State Health Department in this case, with a courtesy copy to the Division of Oil, Gas and Mining.

Val and I appreciated you and your staff making the on-site visit with us on June 5, and we'll look forward to working with you on this project.

Mr. Ira Hatch
Price District Ranger
