Dear Mr. Smaldone:

Re: Mine Water Discharge, Deer Creek Portal, Utah Power and Light Company, Deer Creek Mine, ACT/015/018-90D, Folder #2, Emery County, Utah

This letter will inform you that the above-identified amendment for installation of a mine water discharge pipe was approved on May 7, 1990. This amendment may be implemented when the UPDES permit is approved by the Utah Division of Environmental Health. Additionally, it must be noted that immediately following the bulkhead containment of the mine water inflow, the site must be incorporated into the Groundwater Monitoring Program (see attached memo from Jeff Emmons dated May 3, 1990).

Sincerely,

Pamela Grubaugh-Littig
Permit Supervisor
