Dear Mr. Johnson:

Re: East Mountain Drilling (Hole M-152), PacifiCorp, Deer Creek Mine,
CEP/015/018-92A, Exploration Folder and Folder #3, Emery County, Utah

The Division has reviewed all of the information submitted through July 2, 1992 relative to the above-noted exploration program and hereby makes a recommendation for approval. Hole M-152 is outside the permit boundary and therefore, the Division makes a recommendation to the Bureau of Land Management regarding this exploration drill hole. The other holes involved in this drilling program are being approved as an amendment to the current permit for the Deer Creek Mine.

Sincerely,
