Mr. George Morris
Forest Supervisor
Manti-LaSal National Forest
599 West Price River Road
Price, Utah 84501

Dear Mr. Morris:

PacifiCorp Electric Operations proposes to drill six exploration holes on East Mountain (EM-149 through EM-154). Drill hole EM-152 is located on Federal coal lease SL-050862 outside the Deer Creek Mine permit area.

A revision to the original plan is necessary to move the location of an access road to drill hole EM-152. Please review the enclosed revisions for the 1992 East Mountain exploration drilling application (EM-152) for compliance with the National Environmental Policy Act of 1969, and provide any recommended conditions of approval to this office.

If you have any questions, please contact Tom Rasmussen in the Price Coal Office at 637-4584.

Sincerely,

/s/ KENNETH V. RHEA
District Manager
