OIL GAS & MINING

**RE: REQUEST FOR AN AMENDMENT TO CONSTRUCT A STORAGE DOCK,
PACIFICORP, DEER CREEK MINE, ACT/015/018, EMERY COUNTY, UTAH**

Dear Ms. Littig:

#2

PacifiCorp requests approval to construct an additional storage dock at it's Deer Creek Mine ACT/015/018. The storage dock is proposed for construction in the mine material yard. Enclosed is a preliminary 8 1/2" x 11" portion of the Surface Yard Map (Drawing DS-202E, Packet 3-9). This facility will be updated on Drawing DS-202E upon completion of construction.

The dock will be constructed using approximately 150 yards of reinforced concrete and will be used to store materials such as timber. Reclamation cost is estimated to be approximately \$2,500 which remains the same as the dock that was approved in your December 3, 1991 letter.

This estimated reclamation cost is approximately 0.1 percent of the current Deer Creek Mine Reclamation Bond. Therefore, the itemized reclamation cost schedule in the PAP is not being revised.

Thank you for your assistance in this matter. If additional information is needed, please call me at 653-2312.

Sincerely,

Val Payhe
Sr. Environmental Engineer
